

HAIKAL AKIF BIN SHAARI

FRONTEND ENGINEER / UI ENGINEER

haikalakif17@gmail.com | [linkedin.com/in/haikalakifshaari](https://www.linkedin.com/in/haikalakifshaari) | haikalakif.com

SUMMARY

Frontend Engineer with hands-on experience building responsive, production-ready web applications using React, Next.js, TypeScript, and SvelteKit. Skilled in REST API integration, component-driven UI architecture, and performance-focused development, with additional experience in SEO optimization and close collaboration with backend teams. Comfortable working across the modern web ecosystem, including Supabase, Firebase, and edge platforms like Cloudflare Workers and Netlify.

EXPERIENCE

Frontend Developer / UI Engineer, DeTA Tech

Jan 2026 - Jul 2026

- Building modern web platforms and internal systems using Next.js, TypeScript, and TailwindCSS
- Structuring scalable frontend architecture to support long-term product growth
- Collaborating closely with backend developers to integrate APIs and ensure consistent data flow
- Crafting responsive, user-focused interfaces with strong UX principles
- Handling real-world edge cases and improving interaction flow across features

WordPress Developer (Part-Time), Top Click Sdn Bhd

Sep 2025 - Nov 2025

- Delivered client websites with focus on responsiveness, performance, and usability
- Improved UI consistency and layout structure for clearer navigation
- Optimized content structure and pages to enhance SEO and readability

WordPress Developer (Intern), Top Click Sdn Bhd

Mar 2025 - Sep 2025

- Built and delivered client websites including DPI, Capital Food Distribution, and SKJSB
- Applied SEO-friendly structures for ECCT-Asia blogging platform
- Collaborated with team members to ship production-ready websites

TECHNICAL SKILLS

Frontend & Frameworks: SvelteKit, React, Next.js, Vue.js, Nuxt.js

Core Web & Systems: HTML5, CSS3, JavaScript, TypeScript, Paraglide, REST API Integration

Tools & Platforms: Git & GitHub, Vercel, Figma, Cloudflare Workers, Netlify, Supabase, Firebase

Other: Responsive Design, UI Systems, SEO Optimization

SELECTED WORK

Zavvid - Video & Audio Downloader | *Next.js, FastAPI, yt-dlp*

- Built a high-performance media downloader supporting multiple formats and real-time processing
- Created smooth user flows with instant analysis and minimal interaction friction
- Handled edge cases such as expired links and retry mechanisms
- Optimized download behavior to avoid browser blocking issues

Tinta - Color Palette Platform | *Nuxt.js, Supabase*

- Built an interactive platform for generating and exploring modern color palettes
- Implemented responsive UI with copy-ready formats (hex, CSS, Tailwind)
- Improved data fetching and loading states for smoother user experience

Ergo - Client Project Delivery Platform | *Next.js, TypeScript, Firebase, Resend*

- Built an internal client project delivery platform used at DeTA Tech for tracking milestones, sharing files, and staying in sync with clients in real time
- Implemented role-based sign-in flows separating admin and client access

- Integrated Firebase for data and auth, and Resend for transactional email
- Designed a clean, minimal client-facing UX for project tracking

seo-101 - SEO, AEO & GEO Learning Platform | *Next.js, TypeScript, MDX*

- Built a free, structured curriculum teaching SEO, AEO, and GEO across 8 modules and 42 guides
- Organized content from beginner foundations through expert-level technical SEO and AI-citation strategy (AEO/GEO)
- Authored practical, ship-same-day guides with copy-paste code examples using MDX

EDUCATION

Bachelor of Computer Science (Software Engineering)

Oct 2021 - Sep 2025

International Islamic University Malaysia (IIUM) | Gombak, Selangor

- Major in Software Engineering
- CGPA: 3.66

Foundation in Engineering and Computer Science

Aug 2020 - Jun 2021

International Islamic University Malaysia (IIUM) | Gambang, Pahang

- CGPA: 3.47
